Description of the organisation

Institut de Recherche pour le Développement (the French National Research Institute for Sustainable Development) is an internationally recognised multidisciplinary organisation, working mainly in partnership with countries in the Mediterranean and intertropical zone.

IRD is a French public research establishment operating under the joint authority of the French Ministry for Higher Education, Research and Innovation and the French Ministry for Europe and Foreign Affairs. It takes an original approach to research, expertise, training and knowledge-sharing for the benefit of countries and regions, making science and innovation key drivers in their development.

Experience of the organization in previous European projects

IRD manage a lot of European projects since a long time in the fields of health, education, development

Experience and Expertise of the organization in the project's subject area

IRD has a long experience of research on migrations and particularly on gender factors

Contributions that can be provided to the project

Investigations, cases studies, reflexivity and theoretical propositions

Reasons of involvement in the project

Interest in women migrations and transmission in education and association/institutions of migrants

Contact Person's Experience and Expertise

Dr Pascale Absi and Dr Monique Selim are specialised in gender studies in South America and Asia. They have together organised many scientific events concerning women.
